Swiss Water Experience

KWC FEATURES

- Swivel Spout
- Pull-Out Spray
- Easy Lock
  (Available with Pull-Out Spray)
- Twist Protect
  (Available with Pull-Out Spray)
- Spray Clean
- Power Clean
- Spray Lock
- Touch Protect
- Auto Shut Off
- LED Shine
- Child Safety
- Intelligent Control
- Laminar Aerator
- Highflex

KWC FEATURES

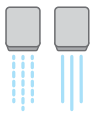
Allows you to move your non pull-out spray tap around the sink and ranges from 150˚ to 360˚

A nozzle that pulls out of the tap for greater flexibility to move around the sink.

Ensures the pull out spray hose is always in the right position and snaps back into place.

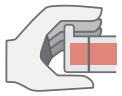
Prevents your pull-out spray hose from knotting or twisting.

Removes limescale deposits while water is running.



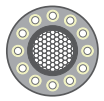
From standard spray to needle spray, easily control the flow of water from the spray head.

Keep the water flow exactly how you like it with Spray Lock.



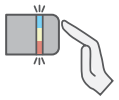
Double skin technology prevents scalding by allowing the tap to become warm but not hot.

Automatically shuts off your running tap after a set amount of time to save you water and prevent flood damage to your kitchen



Not only does LED Shine show up the tiniest speck of dirt, it also creates an alluring work atmosphere.

Protects your children from scalding water with the cold water flow lever positioned to the front.



Replacing the traditional tap mixer, Intelligent Control reacts to the tap of your finger

Creates a beautiful Laminar water flow and minimises splashing.

Move the tap in any direction with assurance it will remain stable when not in use.

Precise.
Pure.
Elegant.

WHY KWC?

Achieving excellence in anything is a journey, a constant pursuit of perfection. For KWC, this journey has led to our company being recognised as one of the finest makers of taps globally.

Precise

We respond to our customers high expectations with precise solutions which encapsulate 140 years of experience in working with water. This promise applies both to the proven quality of our production processes and our commitment to Switzerland as a production location. It is also reflected in our well-established cooperation with employees, partners and customers, in our reliable attention to detail and in our strong service philosophy.

Pure

KWC taps offer our customers extra value when it comes to comfort, care and investment security. Our solutions are developed in Switzerland and aim to fulfil the highest technological standards with intuitive and resource-friendly functions. This is because we share a long-term responsibility with our customers to use water, Earth's key resource, in a respectful way.

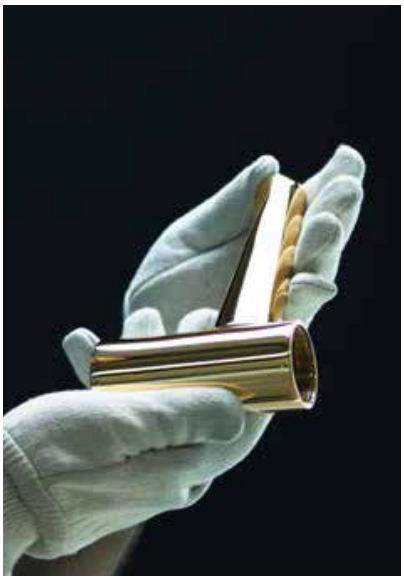
Elegant

The shape and variety of KWC's taps symbolises the Swiss Alps and their refreshing pure water, which goes straight from the source to the consumer. Our designs have won several awards from international expert juries for their unique aesthetics and user-friendly ergonomics. The aesthetic appearance of our taps, for example, boosts our customers' trust in the KWC brand.

Blanks for fittings

View of the foundry in Unterkulm in 1880.

In 1978, KWC developed the first low-pressure, die casting machine in the world.



Each part is machined to meet the highest standards.

Pure brass is used to make the fittings.

Basic shape of the fitting in brass

Using low pressure die casting, the brass is melted and then poured into sand moulds

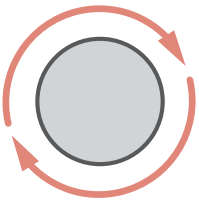
KWC FEATURES

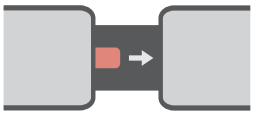


Swivel Spout

Ranging from 150˚ to 360˚, a swivel spout allows you to direct the water flow anywhere in the sink without a pull-out spray.

Pull Out Spray

A nozzle that pulls out of the tap. This gives you greater flexibility to move around the sink.



Easy Lock

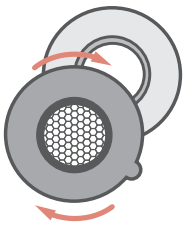
Easy Lock is equipped with positioning pins to ensure the pull-out spray hose is always in the right position and snaps back into place.

*Available with Pull-Out Spray

Twist Protect

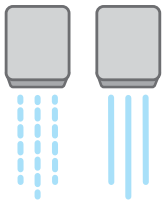
Prevents your pull-out spray hose from twisting or knotting.

*Available with Pull-Out Spray



Spray Clean

Removing limescale is a breeze, as any deposits are sprayed away while water is running. A fastening mechanism helps with more stubborn deposits.



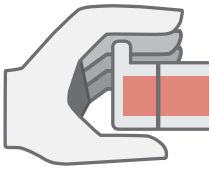
Power Clean

From standard spray to needle spray, easily control the flow of water from the spray head.

Spray Lock

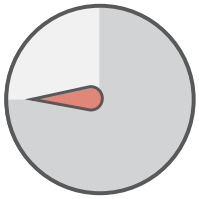
Keep the water flow of your tap exactly how you like it with Spray Lock.

*Available in the Inox range only



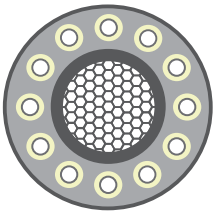
Touch Protect

Safe to touch, Touch Protect's double skin technology prevents scalding by allowing the tap to become warm but not hot.



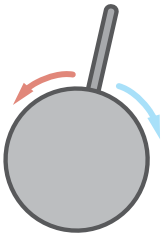
Auto Shut Off

Automatically shuts off your running tap after a set amount of time to save you water and prevent flood damage to your kitchen.



LED Shine

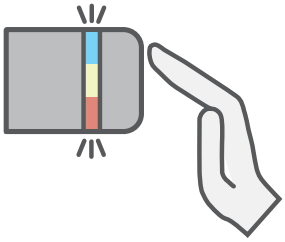
Light up your sink like never before with tap lighting. Not only does it show up the tiniest speck of dirt, it also creates an alluring work atmosphere.



Child Safety

Protects your children from scalding water with the cold water flow lever positioned to the front

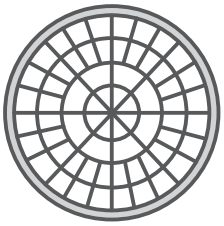
*Available in the Zoe range only



Intelligent Control

Replacing the traditional tap mixer, Intelligent Control reacts to the tap of your finger.

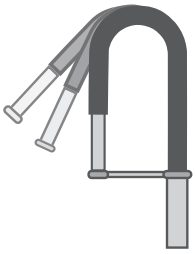
*Available on Zoe TLP models only



Laminar Aerator

An aerator that creates a beautiful, solid laminar water flow from your tap with minimal splashing.

*Available on Era models only



Highflex

Move the tap in any direction, with assurance it will remain stable when not in use.

*Available in the Ono range only

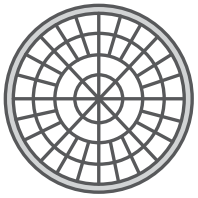
Consumers' Choice

INTRODUCING ERA

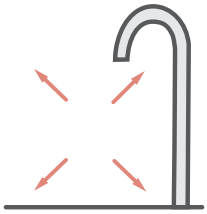
TAPS

An entirely unique design that is truly KWC in every aspect.



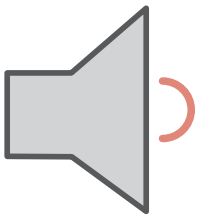
Laminar Aerator

Bring the beauty of the laminar flow into your kitchen with Era's laminar aerator. Replacing the conventional mesh aerator, the laminar aerator produces a clear, solid water stream with minimal splashing.



Ample Space

Never sacrifice space in your sink again. A tall spout design allows for ample space between the sink and the tap, making the Era perfect for filling up pots of all different sizes.

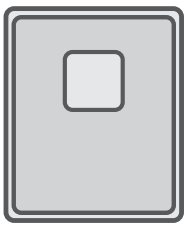


Extremely Quiet

At a volume of 20db while running, the Era tap flow makes the same amount of noise as a ticking rolex.

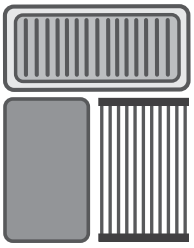
SINKS

Clean, flawless and timeless design for tomorrow's kitchens.



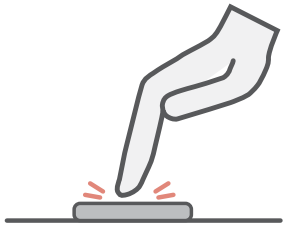
Elegant and Simple

Era's slim 4mm rim demonstrates pure, minimalistic design. Blending seamlessly into the benchtop, an Era sink is the perfect addition to any kitchen.



Bonus Accessories

Every Era sink comes with bonus chopping board, rollamat and strainer bowl accessories perfectly customised to fit the sink and turn your sink into a food preparation station.



Push Button Waste

Empty your sink with the simple touch of a button and keep your hands from touching dirty dishwater with the revolutionary push button waste.
